Membership Report (Sonja) – Membership 299 athletes, 237 families. Reps should keep encouraging families to join the Ramapo Boosters.

Treasurer's report (Alla):

All teams balance sheets are in the positive. Balance sheet and income statement are on the website.

Updates/New business:

Snack stand by the football field has been cleaned out. Will need to stock up for the winter season.

The Lions Club Christmas tree sale is coming up. Derek will send the schedule for all teams to participate. It is very important that each team is represented on their given day. Some of the larger teams have more than one date on the calendar. You should have around 2-4 kids per time slot for Mon-Thurs and 4-6 kids per time slot for Fri-Sun. To give more kids an opportunity for volunteering, you can break up your time slot into 1 hour shifts for each group of kids. The Lions Club donates \$2,500 to the Booster Club to us for providing volunteer athletes. Like last year, we will be redistributing these funds to each team that fulfills their time slots. It's a great opportunity to put more money into your accounts. In addition, the athletes get to keep the tips, receive community service hours (Lions Club will provide community service letters once the sale is over) and rewarding to help an organization that gives their proceeds to various local charities in our community. This is a great partnership between the Lions Club and Ramapo Athletics. Please help maintain that relationship by coordinating with your team's families to ensure they are volunteering during their time slot.

Winter and spring memberships email will be sent by Derek to all Boosters Reps. Boosters reps to send to their families.

If anyone knows of anyone interested in becoming Boosters President and Boosters Treasurer, please let Derek know. Looking to fill these roles by the end of 2022, if possible.

Will receive the new mascot costume in January 2023.

Nov 30th girls soccer dinner.

Next meeting is December 12, 2022.

Meeting adjourned 7:45pm
